CW Industries Sealed Rocker, Push Button and Toggle Switches are IP certified up to IP 67 for protection against solid objects, materials, liquids or dust. Available in a wide array of designs and options, CW Sealed Switches are ideal in applications that require high quality, reliability and functionality in the most demanding environments. Available in both illuminated and non-illuminated versions, these switches are rated up to 20A 125-277VAC and 25A 14VDC.

The switches are RoHS compliant and available in momentary and maintained versions in SPST and SPDT, with DP functions also available. Agency approvals include UL, CSA, VDE and ENEC.
